#### **WORKERS WOULD LOSE!**

A dramatic reminder to workers that the Taft-Hartley Law gives them a long list of rights which they never had before, AND WILL LOSE IF PRESIDENT TRUMAN IS RE-ELECTED TO REPEAL THE ACT, has been issued by the Pennsylvania Republican Campaign Committee, of which Congressman Richard M. Simpson, Huntingdon, is chairman.

Every worker, whether now a member of a union or not, and every other person in Pennsylvania who is seriously interested in public affairs, ought to study the list of RIGHTS WHICH MR. TRUMAN IS TRYING TO TAKE AWAY FROM WORKING PEOPLE.

Here is the list: YOUR RIGHT . . .

To know how your union spends your dues!

To know the salaries and pay-plus-allowances of your main officers, and those they hire at \$5000 a year or more!

TO KNOW HOW YOUR UNION IS RUN-how officers are elected, how meetings are called, how assessments are levied, how fines are imposed, who has the say on bargaining and contracts, how members can be expelled!

#### What To Do With Them!!!

(By "The Stroller")

Gifts galore were distributed last evening at the third annual banquet of Bristol Chamber of Commerce. Many of the recipients were delighted, as would be expected, but others were non-plussed, perplexed, and, in fact, are taking quite a "razzing" on the types of awards which their numbered admis-

sion tickets turned up. For instance, there's the prominent Bristol woman, teacher for many years of a Sunday School class of young women, who was awarded a case of beer; a local Plymouth automobile dealer who found himself in possession of a \$100 gift certificate toward a Kaiser-Frazer car; and the wife of a flower grower who walked home with a potted plant, the gift of another florist firm.

One worth-while suggestion was that the said Sunday School teacher, and a local woman physician, member of the same church who likewise was awarded a case of beer, pool their "interests" and thus provide refreshments for a church social.

#### IF COLUMBUS CAME BACK

October 12 is the anniversary of the day on which Columbus dis covered America in 1492, but i is doubtful if the Great Mariner, if he came back, would be in favor of giving the country back to the Indians, as has been facetiously suggested. The United States would exceed his wildest dreams.

Problems that seem huge to Americans would be brushed off by Columbus as of no consequence. He would marvel at the progress that has been made, at the comforts and ease that have been provided, at the amount and quality of the food. #### ACE IN THE HOLE

The United States today has only 26,000,000,000 barrels o known pětroleum in reserve. It is being used at an accelerating rate now approaching 2,000,000, 000 barrels a year. If no new re serves were discovered, this na tion would be in dire straits for petroleum in a decade

A crisis in petroleum isn't imminent because new reserves are added constantly. And when the pinch comes, there is an ace in the hole. An estimated 200,000. 000,000 barrels can be extracted from shale deposits, principally is Wyoming, Colorado and Utah.

Problem of extracting oil from shale has not been completely solved, and the cost is double cur rent quotations for crude. De posits are not close to water and they cannot be piped. But when the cost of petroleum approaches that of shale oil, the new source of oil will be exploited.

Without oil, America would be a have-not nation with a lower standard of living. It is unlikely that time will ever come

## "The Taming of The Shrew"

"The Taming of the Shrew", W liam Shakespeare's merry confection which has been delighting audiences for over three hundred years will be presented on the stage of the Bristol high school auditorium on Tuesday, October 26, at 8:30 p. m., by the National Classic Theatre of New York, it was announced today by The Sisterhood of Avath

Few stage plays have ever equalled this Shakespearean masterpiece for sustained hilarity. From the first scene of the play, when the dashing Petruccio undertakes to woo and wed the sharptongued virago, Katherine, sometimes called "Kate the curst", one riotout situation follows swiftly upon the heels of another right to the very end, when Shakespeare's genius for gathering together all the threads of a complicated plot in one grand climax, brings the curtain down on the famous scene where the chastened, but happy Katherine pays homage to masculine superiority.

Text:

Whatsoever He saith

unto you, do it" (John 2:5). Our Father, we gratefully thank Thee for every exhortation in Thy holy Word. We confess our weakness and our failure to obey Thy solemn commands, but we who have experienced Thy saving power desire to do only those things that please Thee. We know that to obey is better than sacrifice, and obey Thee we would. Give us a sense of Thy holiness and hatred for sin, and as we read the Bible, we pray for strength to obey Thy every command. Help us for Jesus sake. Amen.

# A SECRET BALLOT HAS BEEN TAKEN

ON WEDNESDAY, OCTOBER 6, 1948, A MEETING WAS HELD BETWEEN THE NE-GOTIATING COMMITTEE OF BRISTOL LOCAL NO. 500 WITH THEIR INTERNATIONAL REPRESENTATIVE, AND THE MANAGEMENT REPRESENTATIVES OF THE PATERSON PARCHMENT PAPER COMPANY.

THE MEETING WAS CALLED BY A CONCILIATOR FROM THE STATE AND FED-ERAL CONCILIATION AND MEDIATION BOARD PRESUMABLY FOR THE PURPOSE OF COLLECTIVE BARGAINING BETWEEN BRISTOL LOCAL NO. 500, INTERNATIONAL BROTHERHOOD OF PAPER MAKERS, AND PATERSON PARCHMENT PAPER COM-PANY. HOWEVER, INSTEAD OF COLLECTIVE BARGAINING, A COMPANY LAWYER DECIDED TO TELL OUR LOCAL UNION OFFICIALS HOW TO CONDUCT UNION MEET-INGS.

A SECRET BALLOT WAS TAKEN, NOT ONLY TO MEET THE NECESSARY RE-QUIREMENTS OF THE TAFT-HARTLEY LAW, WHICH REQUIRES A STRAIGHT MA-JORITY VOTE, BUT ALSO TO CONFORM TO THE CONSTITUTION OF THE INTER-NATIONAL BROTHERHOOD OF PAPER MAKERS WHICH REQUIRES A TWO-THIRDS MAJORITY VOTE.

## The Questions, as Submitted by the Company Lawyer, with Their Answers:

1. Will the Union committee agree to have a secret ballot in which all of the employees now on strike can vote?

YES, if the members have not already voted upon the issue. On November 2, 1948, every registered man or woman will have the right to a secret ballot without interference. However, if the results of this election do not please a disgruntled minority, will they have the right to another election on the same issue?

2. Will the committee consent to have the balloting conducted and supervised by an impartial person or persons, as outlined in the Taft-Hartley Law?

The integrity of the Union or its officers has never been questioned by any Company in the history of the International Brotherhood of Paper Makers. When an issue is to be voted upon, it will conform to the Taft-Hartley requirement of a straight majority vote.

3. The question to be decided in the vote to be: Whether or not a majority of the employees now on strike want to return to work on the basis of all of the offers made by the company prior to the strike.

Union members have already taken a secret ballot vote on this issue, defeating the company's last offer by an overwhelming two-thirds (2 3) majority vote. We see no further need of having another election on the same issue.

IT IS THE CONSENSUS OF PUBLIC OPINION, EXPRESSED BY PEOPLE IN ALL WALKS OF LIFE, THAT THE ISSUES INVOLVED IN THE STRIKE BETWEEN THE PAT-ERSON PARCHMENT PAPER COMPANY AND BRISTOL LOCAL NO. 500, INTERNA-TIONAL BROTHERHOOD OF PAPER MAKERS, WILL NEVER BE SOLVED BY PUBLIC AIRING THROUGH THE PRESS. ONLY BY TRUE COLLECTIVE BARGAINING ACROSS THE CONFERENCE TABLE OR BY ARBITRATION, WHICH TO DATE THE COMPANY HAS REFUSED, CAN THE ISSUE INVOLVED BE SETTLED. WE, THE NEGOTIATING COMMITTEE AND OFFICERS OF BRISTOL LOCAL NO. 500, I. B. P. M., WILL MEET WITH THE COMPANY REPRESENTATIVES FOR CONCILIATION OR ARBITRATION AT ANY TIME.
